

AC/AC Transformer

220V-24V-100W

This document is by C.B.Electronics. For any inquiry, please contact C.B.Electronics - Lebanon Beirut, on +961-1-483031 or by mail: info@cb-electronics.com or visit their official website: www.cb-electronics.com.

The below specifications define the characteristics of this Transformer

Mechanical

Dimensions	83.7 x 79.8 mm
Isolation	Primary/Secondary

Electrical

Input Voltage	AC 220V
Output Voltage	AC 24V
Power	100W
Copper	4 amps/mm ²
Operation Mode	Silent
Connection Type	Screw
Connection Location	Mounted
Life Expectancy	80000 HOURS AT 25 °C with Input Voltage: 220V AC and Current Consumption Below 4A
Noise Level	0 db
Conversion Speed	Instant
