

## AC/AC Transformer

### 220V-24V-2400W

This document is by C.B.Electronics. For any inquiry, please contact C.B.Electronics - Lebanon Beirut, on +961-1-483031 or by mail: [info@cb-electronics.com](mailto:info@cb-electronics.com) or visit their official website: [www.cb-electronics.com](http://www.cb-electronics.com).

The below specifications define the characteristics of this Transformer

## Mechanical

Dimensions	16 x 18 x 15 cm
Isolation	Primary/Secondary

## Electrical

Input Voltage	AC 220V
Output Voltage	AC 24V
Power	2400W
Copper	4 amps/mm2
Operation Mode	Silent
Connection Type	Screw
Connection Location	Mounted
Life Expectancy	80000 HOURS AT 25 °C with Input Voltage: 220V AC and Current Consumption Below 99A
Noise Level	0 db
Conversion Speed	Instant
